G. O. P. RALLY HELD IN C'PORT

Congressman Campbell and Mrs. Jno. P. Haswell Speak in Airdome; More Women Present Than Men.

The first political meeting in interest of the 1920 presidential election to be held in Cloverport was the one on last Tuesday evening when Congressman Philip P. Campbell, of Kansas, and Mrs. John P. Haswell, Jr., of Louisville, spoke in interest of Harding and the Republican party.

The meeting was held in the Airdome, and there were some two hundred and fifty people or more, the majority of whom were women, who attended. Several of the Republican leaders from Hardinsburg, were here. Mr. Marion Weatherholt, local chairman of the Third District Republican campaign party, opened the meeting with a brief introductory speech previous to Mr. R. L. Oelze, who introduced Mrs. Haswell.

In referring to Mrs. Haswell's speech, Congressman Campbell, who has heard many women speakers on this campaign tour, stated it was one of the most brilliant and concise political speeches he had heard. Mrs. Haswell's visit to Cloverport was viewed with splendid interest because of her being the wife of the popular Republican candidate for U. S. Senate from the Fourth District.

Following Mrs. Haswell's address, Attorney Sherman Ball, of Hardinsburg, presented Congressman Campbell.

Mr. Campbell started out with saying that his cloth was so large and he had so many patterns he would just make a Mother Hubbard of his speech and try to cover all.

Emphasized Aliens in U. S.

The placing of the bombs and the big explosion that happened on Wall street in New York City recently, led Mr. Campbell to discuss the aliens in the U. S. He stated there were 60,000 aliens in this country and 232 alien anarchist newspapers published.

Mr. Campbell was a very entertaining and convincing speaker. He has been a congressman for eighteen years and a leader in the House. In his speech, which covered an hour or more, he dwelt largely on the minor defects of Wilson and his administration. He seriously objected to Article X in the League of Nations, and finally concluded that the Republicans felt re-assured of a victory in November election since Maine had given such a large Republican majority.

OLD SOLDIER TESTIFIES TO WONDERFUL MERITS NUMBER 40 IN CONSTIPATION, STOMACH TROUBLE AND CATARRH

National Home, Wis., May 12, '19.
"When I commenced taking Number 40 For The Blood, I was suffering with chronic constipation of a good many years standing, which finally developed into stomach trouble which got so bad I was unable to eat anything that did not cause great suffering. I tried a good many doctors as well as everything I could hear of that was recommended for my complaint. I was also troubled with catarrh of long standing and I had dropsical swellings in my feet and ankles which the doctors said was caused by a weak heart. I had about given up hope of being much better when I saw an ad. of your No. 40 in a country paper and concluded to try it. I felt so much better after taking one bottle that I sent direct to you for three more bottles. I have taken

about two and a half bottles, and while not feeling entirely well, I believe by continuing the use of 40, I will get to feel as well as I could reasonably expect for a man of my age, 75 years. I hardly know how to estimate the value of the benefit I have already received from the use of No. 40, and cheerfully recommend it to anyone suffering as I was." Morris H. Peace. 40 is a combination of the best alternatives selected from the best prescriptions received and compounded by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. The best druggist in your neighborhood sells Number 40, but if it happens that he does not, send direct to J. C. Women of Kentucky Know the Issues!

The Republican Party asks the women of Kentucky to vote the straight Republican ticket on November 2nd strictly upon the issues involved in this campaign.

Every woman in Kentucky knows the true campaign issues.

The League of Nations as brought back from France by Woodrow Wilson and endorsed by the Democratic candidate for President is an offense to American womanhood.

It would barter off everything that the American nation and the American home stand for—that right to think and act for ourselves, to live our own lives and to help others as we can.

It would send our sons to war without our consent, to fight for interests which are without our sympathy, at the order of foreign politicians and self-seekers who are not thinking of America or her people.

Instead of keeping us out of war, it would keep us constantly in war, as it would bind us to "preserve the territorial integrity" of every nation.

No thinking Kentucky woman would trade the protecting wisdom of the American constitution for the selfish dictation of a group of European "diplomats."

Kentucky women know that the Democratic Party and its candidates stand for this so-called League with all its obnoxious provisions.

Kentucky women know that the Republican Party stands for an honorable peace, with immediate attention of our President and our Congress to THIS country, its people and its homes, the return to a normal living basis, and the proper distribution of governmental control; with a broad and sympathetic friendship for all nations that neither interferes with their affairs nor permits them to interfere with ours.

HAPPY OUTLOOK

Right here is a cure for the most pessimistic of human souls! Particularly those who are habitually inclined toward thinking the world's going to the dogs.

Franklin K. Lane, formerly Secretary of the Interior, by the aid of 900 field representatives of the Fidelity and Deposit Company of Maryland, has gathered some very valuable and encouraging news from the four corners of the States regarding the industrial, agricultural, financial and political situation throughout the country.

Upon the whole, Secretary Lane finds the world isn't in such a fearful condition at all. On the contrary, the country is found to be on a sound economic basis, with a general spirit of confidence in the future.

As to the industrial conditions, Secretary Lane reports that the United States is better off than any other country in the world. We have plenty of raw materials everywhere to insure production, and manufacturing generally are well filled with orders. The shipping conditions are also improving since the roads have been turned over to their private ownership.

Regarding wages, the Secretary issued this statement: "I am not expecting the cost of labor to fall off even in the worst of times, to pre-war stage, for I believe that the real differential between directing labor and manual labor will never be as great as it has been."

The farming situation is said to be fine. From no section has an unfavorable report been made. Financial conditions are fine too. There has been a great increase in bank deposits and savings accounts. In only one of the nine geographical divisions, the Rocky Mountains, has there been a decrease in bank deposits during the last six months. Industrial concerns generally are discounting their bills.

Last but not least, it was found that the political situation is uncertain. Three months ago there was a stronger Republican sentiment than there appears now. But the results for November, Secretary Lane and his aids do not prophesy.

Conclusively, these men report that the business outlook appears to be good in every section. Plenty of work, and people are at work. "From the simple tailor up through the tradesman to the industry and the financier there runs the connected feeling of confidence."

So much for a Democratic Administration.

The good women of our town are to be congratulated and encouraged in their enterprise of forming a committee for the improvement of the Cloverport cemetery. Certainly there is nothing that speaks better for a community than a well kept cemetery. One that shows how fervently we hold to the memory of our loved ones and of their final resting place.

The location of our cemetery is beautiful, and it can be made a much more beautiful place by being cared for and not allowed to be overgrown with weeds and brush like the veritable country grave yards.

It's a noble work among our women, one that deserves co-operation and assistance.

The Cloverport Light Company announces in this issue of The Breckenridge News, an increase in rates. The Light Company, like some of the rest of us, has had to increase its rates in order to continue the business. The high price of coal has made it necessary. When the price of coal gets back to normal, the Company, in all probability will reduce its rates likewise.

Cloverporters have had electric lights long enough to know how to value them, hence we continue to pay our bills cheerfully, and feel glad that we are able to do it.

Within six weeks it will all be over even to the shouting. But who's going to shout?

Of course every conscientious and right thinking woman is going to vote whether she desires to be an active campaign worker or not.

Sam Sturgeon has sold his farm of 71 1-2 acres near Hardinsburg, to his son-in-law, Cal Stillwell, for \$1,000.

Len Weatherholt sold a pair of mules to Frank Davis of Harned, for \$425. This sale was a direct result of his advertisement in our classified column.

Fred Dutschke is draining his river bottom land.

They get a little busier every week up at the Government Dam. Storage house is now under construction along with other buildings.

Mrs. Grayson Payne, Lodiburg, was in Irvington, Monday the guest of Mrs. E. S. McAfee and Mr. McAfee. Mrs. Payne says she has the finest crop of Irish potatoes, this year she has had in many years. Says both her spring crop and late crop are especially good.

Alex Harper says he bought 50c worth of Irish potatoes last spring, planted them and besides what his family used he dug two bushels of good merchantable potatoes. Says he has a fine crop of late potatoes.

Speaking of potatoes and their size Squire Geo. Eskridge said he had a neighbor that raised potatoes so large that only six would go in a half bushel measure. Said he could prove this story by eye witnesses. Floyd Moorman, Earl Moorman and Mrs. Bettie Mattingly.

Mrs. Noley Ashley sold in six months \$80 worth of eggs and chickens besides what they used.

Two car loads of feeders were unloaded at Webster, last week.

Big day at Hardinsburg, next Monday. Besides being "big court" there will be something doing in politics.

The Bank of Hardinsburg and Trust Co., acting in the capacity of representative for the estate of Geo. L. Bandy, deceased, will sell at public auction, on the premises in Irvington, Saturday, Oct. 2, all of his farming implements, stock and house hold goods. It will be a big sale and no doubt draw a large crowd.

LIVE WIRE FELL DURING STORM MONDAY MORNING.

During the rain and wind storm Monday morning, a live electric light wire fell on the pavement in front of the St. George Hotel and broke a cross wire of the Cumberland Telephone Company. With the telephone communications shut off residents of the neighborhood were greatly perturbed in getting word to the Cloverport Light Company of the accident. The city was without current for about an hour and a half.

Touring, Starter	\$510.00	Coupe, Starter and D. R.	\$745.00

Runabout, Starter	\$465.00	Truck, P. T.	\$545.00

Tractors \$790.00

The Ford Motor Company makes this reduction in the face of the fact that they have on hand immediate orders for one hundred and forty-six thousand and sixty-five cars and tractors. The company will suffer a temporary loss while using up the material bought at high prices. They are willing to make a sacrifice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country. Henry Ford says:

"The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interest of all it is time a real, practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

We are at your command with regular Ford efficiency in service and eagerness to fill your orders.

A Waterloo Boy Does Your Work the Way You Want it Done

The Waterloo Boy gives you service that pays most—the service you want. It does your work the way you want it done.

Its twin-cylinder engine gives you 12 H. P. at the drawbar, and 25 H. P. on the belt. It burns kerosene, and by means of a patented manifold converts every drop of this low-priced fuel into rugged, positive power.

A pump, fan and radiator cooling system holds the engine at the proper temperature for correct lubrication, and maintains enough heat to insure complete combustion. The radiator holds thirteen gallons. You don't have to stop in the field every few hours of a hot day and fill it. That's real service.

You have to see the Waterloo Boy to fully appreciate it. Come in and we will show you and tell you why the Waterloo Boy is the right tractor for your farm.

Accessibility and simplicity of construction make the Waterloo Boy a real farmer's tractor. Two-cylinder design permits large, rugged parts, also fewer parts. Fewer parts make it easy to understand. It's no trick to care for a Waterloo Boy.

A drawbar shift lever, which enables you to shift the hitch either to the right or left of center, is a great convenience when plowing on hillsides or in finishing lands. Your plows take full cut at all times.

The Waterloo Boy is especially strong and rugged in its construction. It stands up under the most difficult and trying conditions of your farm work. Its various parts are designed to meet every possible strain.

The Waterloo Boy Engine runs without vibration. Its well-balanced weight provides proper traction in soft ground. Hyatt Roller Bearings conserve power by reducing friction.

The marriage of Miss Mary Allen Goodson and the Rev. V. P. Henry was solemnized at 8:30 o'clock Monday evening, Sept. 20, in the Methodist Temple, corner of Sixth and Broadway.

The service was read by the bride's father, the Rev. Edward F. Goodson, assisted by the Rev. S. G. Thompson, presiding elder of the Louisville district. The ushers were Charles and Edward Goodson, the bride's brothers and Horace Allen and Goodson Reynolds, her cousins.

The bride wore a gown of white georgette crepe with tulle veil. She carried a bouquet of white roses. The maid of honor, Miss Marianna Dyer, wore cream lace over blue satin and carried pink roses—Louisville Courier-Journal.

The bride is the only daughter of Rev. Goodson and Mrs. Goodson, who formerly lived in Hardinsburg, and Mrs. Goodson resided in Cloverport before her marriage.

Rev. Henry and Mrs. Henry will live in Hodgenville, where Rev. Henry is pastor of the Methodist church, South.

In giving the notice of the marriage of Mr. Murriel Morrison and Miss Anna May Penner, of Louisville, to have taken place June 15, The Breckenridge News desires to correct the error in stating that it should have been September 15, 1920.

"DOES WHAT THEY SAY IT WILL DO"

**Hampton Had Not Seen a Well
Day In Six Years—Dreaded
To See Night Come.**

"At the time I began taking Tanlac," said Marcus A. Hampton, 118 Pope street, Louisville, Ky., "I had not felt well a single day in six years."

"My stomach was so badly out of order," said Mr. Hampton, "that no sooner did I get through eating than I would bloat up with sour gas and have the worst sort of pains shoot through my chest. I could not even eat the lightest kind of foods and feel comfortable afterwards, and at times could not retain anything I had eaten. I had lost fifty pounds in weight and was alarmed about my condition, for often I had such bad spells that I thought my time had surely come, as I couldn't sleep much and always felt as bad in the mornings as on going to bed, if not worse."

"Well, I was never able to find anything to give me an appetite and start me up hill until I got Tanlac. Almost as soon as I began taking this medicine I commenced to climb. I am just now on my fourth bottle and have regained ten pounds of my lost weight already."

"My appetite soon got a new start and my stomach trouble began to lose its grip, and when I finished my second bottle I was feeling like a new man. Ever since then I have been eating just anything I want and I always feel fine afterwards. The gas has stopped forming on my stomach entirely and I never feel a touch of indigestion. I am always glad when night comes now, for I can sleep like a child and get up in the mornings feeling fine, ready for a hearty breakfast and a hard day's work. I am glad to recommend Tanlac, for it is one medicine that I believe will do all they say it will."

Tanlac is sold in Cloverport at Wedding's Drug Store, in Kirk by Mattingly Bros., in Addison by L. D. Addison, and in Ammons by Wm. H. Dutschke, in Stephensport by R. A. Sheelman.—Advertisement.
